

### English

We will be focusing on improving our writing and comprehension skills throughout this term. We will continue to focus on spelling, punctuation and grammar through our writing opportunities and focus on leaver's poems and transition.

### Maths

In Maths, we will be revising key concepts learnt this year including fractions, decimals, angles and algebra. We will continue to secure our understanding of using the four operations in various contexts including problem solving and reasoning.

### Science

Our science topic is 'Living things and their habitats'. We will be exploring why and how living things are classified including animal groups. We will then move onto finding out about microorganisms, with a scientific investigation about mould

### PHSE

In this topic we will be looking at mental health, including how to make positive friendships and relationships. We will learn to understand that our safety is our responsibility and how to resist pressure from others when they try to make us do something we know to be dangerous or wrong.

### CLICK

In CLICK, we will be learning about trade and economics. In this unit, the children find out about how goods and services are traded around the world. They will explore the UK's trade links today and in the past, finding out about goods imported and exported and the methods of transport used. Through a more detailed look at one of the UK's trade partners, the children will learn about the benefits of trading internationally, as well as the risks to this area. The children will also learn about fair trade and why it is important in a global market.

### PE

Please ensure your child brings their PE kit to school, as we get ready for our annual Sports Day!

### Homework

This half-term, children should be accessing Oxford Reading Buddy and Edshed (which has a selection of maths and spelling tasks) regularly. Staff are able to monitor the use of these programs in school and rewards will be provided for those children utilising them.

### CLICK Key Words - Trade and economics

<b>Globalisation</b>	The process by which businesses or other organizations develop international influence or start operating on an international scale.
<b>Export</b>	Send (goods or services) to another country for sale.
<b>Import</b>	Bring (goods or services) into a country from abroad for sale.
<b>Trading</b>	The action or activity of buying and selling goods and services.
<b>Fairtrade</b>	Fairtrade is about better prices, safe working conditions, local sustainability, and fair terms of trade for farmers and workers.
